Supervisor of Graduate Students

1	Address	Latent Class Regression Analysis in Commercial Banks
	Degree	Master
	Researcher Name	Nany Abdolkader Alfaar
	Supervisors	Dr. Fatmah Ali Abdolaty, Dr. Ashraf Eata
	Start Date	2007-4-2
	Finished Date	2009-11-22
2	Address	Some of Application Problems in the Case of Skewed Distributions
	Degree	Master
	Researcher Name	Amal Tolba Mohammed Badawy
	Supervision	Dr. Fatmah Ali Abdolaty, Dr. Ashraf Eata
	Start Date	2007-4-10
	Finished Date	2009-9-27
٣	Address	Evaluating the Reduced-Bias Estimation Methods for Independent Lagged Variable (Applied Study)
	Degree	Master
	Researcher Name	Mohammed Ibraheem Mohammed Ahmed
	Supervision	Dr. Fatmah Ali Abdolaty, Dr. Ashraf Eata
	Start Date	2007-11-17
	Finished Date	2009-8-29
4	Address	Baysian analysis of a strategy to identify the parameters of the regression model of multiple autoregressive and moving averages

Degree	Doctorate
Researcher Name	Ahmed Isam Abdolrahman Elmansy
Supervision	Dr. Fatmah Ali Abdolaty, Dr. Ashraf Eata
Start Date	2008-08-14
Finished Date	2010-11-30

Teaching Experience	
Undergraduate Level	
Course Name	
Data Analysis, Mathematics for Statistician, Statistical Computer Package (for Statistician), Introduction to Statistics, Insurance and its Mathematics, Statistical Package and Operation Research, Principal of Statistics, Computer's Commercial Applications, Computer's Commercial Applications 2, Sampling Theory, Data Analysis (431 STAT), Principal of Statistics & Probability (101 STAT), Introduction to Probability & Engineering Statistics (3201 STAT) (Some taught in English and some taught in Arabic)	
Graduate Level	
Course Name	
Multivariate Analysis, Numerical Analysis, Computer Statistical Package (Advanced), Computer Statistical Package (Intermediate), Sampling theory. Statistical Analysis. (Taught in English)	

Training & Consulting Experience	
Field	
Data analysis and decision support, Data visualization, Database analysis, Descriptive statistics, Probability distributions and data modeling, Sampling and estimation, Statistical inference, Trendlines and regression analysis, Forecasting techniques, Computer statistical package (SPSS) Beginner, Computer statistical package (SPSS) Advanced, Computer statistical package (MINITAB) Beginner, Computer statistical package (MINITAB) Advanced, Statistical quality control.
